Critical Incident Policy

Critical Incident Policy

At all times, St. Patrick's N.S. aims to protect the well-being of its students and staff by providing a safe and nurturing environment as defined in our Mission statement. The Board of Management, through the Principal, has drawn up the following Critical Incident Management Plan as one element of the school's policies and plans.

Review and Research

The Critical Incident Management Team have consulted resource documents available to schools including 'Responding to Critical Incidents Guidelines and Resources for Schools' (NEPS 2016).

Aim

The aim is to establish a Critical Incident Management Team (CITM) is "to help school management and staff to react quickly and effectively in the event of an incident, to enable them to maintain a sense of control and to ensure that appropriate support is offered to students and staff". Having a good plan will also help ensure that the effects on the students and staff will be limited. It will enable the school to return to normality as soon as possible.

Definition of Critical Incident

The staff and management of St. Patrick's N.S. recognise a critical incident to be "an incident or sequence of events" that overwhelms the normal coping mechanism of the school".

Critical incidents may involve one or more students or staff members, their family members or members of the local community e.g.

- The death of a member of the school community through sudden death, accident, terminal illness or suicide.
- A physical attack on staff member(s) or student(s) or intrusion into the school
- An accident involving members of the school community on or off the school premises
- An accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc.
- The disappearance of a member of the school community

Creation of a Coping Supportive and Caring Ethos in the School

St. Patrick's N.S. has put systems in place to help to build resilience in both staff and students through our SPHE/RSE programmes, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical Safety

In the area of physical safety, the school has put in place the following:

- Evacuation plan formulated
- Regular fire drills occur
- Fire extinguishers are regularly checked
- Morning and evening supervision
- Pre-opening supervision in the school on days of inclement weather e.g. frost, rain, snow
- General school rules under the school's behavior policy to ensure all pupils have a safe environment

Psychological Safety

The management and staff of St. Patrick's N.S. also use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

- ***Social, Personal and Health Education*** (SPHE) is implemented in full and is integrated into the work of the school. It is addressed in the curriculum by including issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision
- Staff have access to training for their role in teaching the SPHE curriculum.
- An emphasis is placed on providing a wide range of opportunities for all children e.g. music lessons, dance and gymnastics lessons for all classes, swimming for 3rd class, sports training for pupils, monthly assemblies for all children, Pupil Council, concert performances annually etc.
- Staffs are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting the primary school student are available
- The school has developed links with a range of external agencies e.g. HSE/NEPS
- Inputs on students by external providers are carefully considered in the light of criteria about students' safety, the appropriateness of the content, and the expertise of the providers
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- Staff are informed about how to access support themselves

Emergency Information for School Trips

- List of all pupils/staff involved and teacher in charge

- List of mobile phone numbers for accompanying teacher(s)
- Up to date medical information on pupils with allergies, epilepsy, etc.

Critical Incident Management Team (CITM)

A CITM has been established in line with best practice. The members of the team were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet regularly to review and update the policy and plan. Each member of the team has a dedicated critical incident folder. This contains a copy of the policy and plan and materials particular to their role, to be used in the event of an incident.

Key Roles and Responsibilities of the CITM

- Team Leader-Ger Kelleher
- Garda liaison – Ger Kelleher

Record Keeping

In the event of an incident, each member of the team will keep records of phone calls made and received, letters sent and received, meetings held, persons met, interventions used, materials used etc. The administrator will have a key role in receiving and logging telephone calls, sending letters, photocopying materials, etc.

Confidentiality and Good Name Considerations

The management and staff of St. Patrick's have a responsibility to protect the privacy and good name of the people involved in any incident and will be sensitive to the consequences of any public statement. The members of the school staff will bear this in mind, and will seek to ensure that students do so also. For instance, the term "suicide" will not be used unless there is solid information that death was due to suicide, and that the family involved consents to its use. The phrases, 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.

Critical Incident Rooms

In the event of a critical incident:

- Staff room used to meet the staff
- General Purpose Room for meetings with students
- General Purpose Room for meetings with parents
- Staff Room for media
- 1st class classroom for other visitors

Consultation and Communication Regarding the Plan

All staff were consulted and regard was given to their views in the preparation of this policy and plan. Our school's final policy and plan in relation to responding to critical incidents has been presented to all staff. Each member of the critical incident team has access to a personal copy of the plan. All new and temporary staff will be informed of the details of the plan by the school principal. The policy and plan are available to view on the school website
