

Creepy Reflections

Items Used:

- A glass bowl
- Plastic Mirror
- Water

Method:

Water added to bowl. Blue-tac was stuck to bottom of small mirror and then this was placed at a 45 degree angle in the bowl of water.

Result:

When I put my finger into the bowl of water, it looked like my finger wasn't attached to my hand!

Floating Finger

Items Used:

- My fingers!

Method:

Held 2 fingers out at eye level and focused on light switch on the wall. Moved 2 fingers slowly towards each other

Result:

Saw a really weird small finger in between my 2 fingers that had fingernails on each end.
